A Thematic Unit about Trash

By Nancy L. Wilkinson

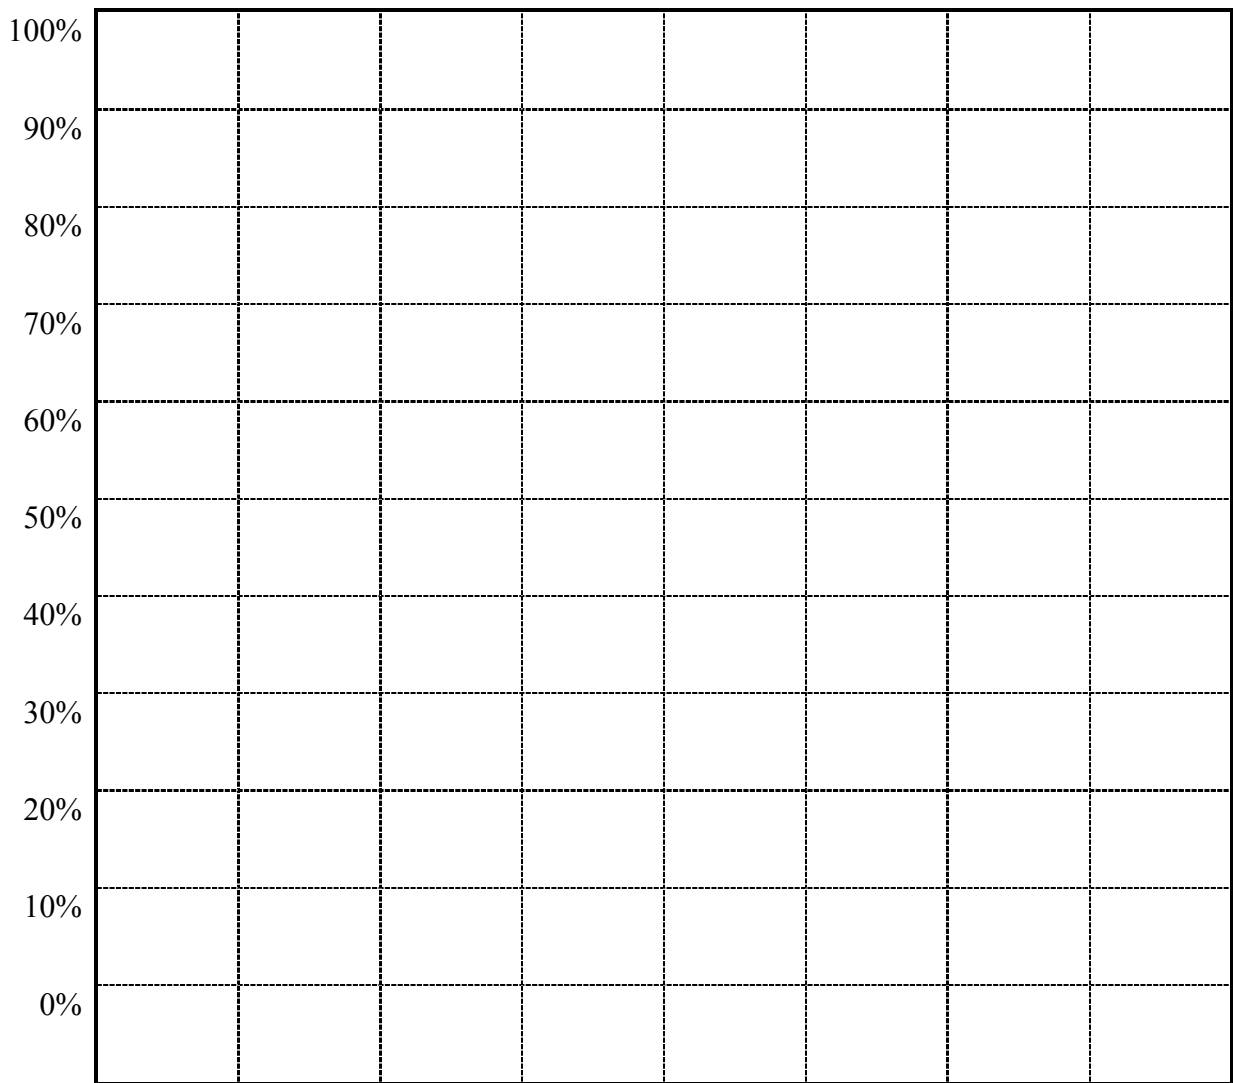

Lesson 7, Worksheet 7
Creating a Bar Graph Showing the Percentage of Recyclable Items

Name _____ Period _____

Directions: Creating a bar graph is a simple way to organize information. Use the graph paper below to create a bar graph that shows the percentage of recyclable items in each category. Be sure to include a title, x-axis title, y-axis title and labels.

Graph Title _____

X Axis Title _____
